Keep Detroit Our Detroit

Independent and Free from Outside Council Influences

Greg Rizzuto

Council 20 FO Candidate

Fellow DTW Pilots,

Well my friends, we unfortunately are now seeing the dirty truth come out in this election. An outside influence is at play. And while I am disappointed by this, I am not surprised. There have been emails, posters and phone calls from members in other councils and even some from within that have ulterior motives. They are promoting candidates and attacking those they fear. While I believe we all have the right to question people who run for elections, I have a problem with people who attack others but are too afraid to sign their names or go public to argue their claims. They instead hide behind these unsigned emails, letters, posters and one sided phone calls. They leave a person verbally attacked without a chance to counter or defend themselves. Cowards fight this way.

I have and will continue to send all of you my views and beliefs in writing with my name attached. I do not need nor want plausible deniability. All of you will be able to reference one of my emails or letters. You will have hard evidence of what I have said and what I believe. I will continue to communicate to you this way and welcome any questions that you may have. I do not want any misunderstandings or mistakes and I will not make any personal statements about the candidates unless my name is attached to it. I am not afraid of what I am saying, not afraid to defend my past and I truly believe in what I have written. My words are not just to win a campaign, this is who I am. I am also a Detroit pilot who is backed and supported by Detroit pilots not pilots from another council. This is our election and outsiders are not welcome.

There is a group that has designs on changing our Detroit. They wish to use our votes in order to settle scores and create rifts of disunity within our new union. They want you to believe that everything southern is evil and they are the only ones that will protect you. Unfortunately, they could care less about our Detroit or our union. This is simply a power grab and nothing more. If successful, Council 20 and the future of Delta ALPA will never be the same. I believe the future lies in our two groups being able to work together until the lines that divide us become blurred.

Fellow Council 20 pilots, I have stated before that the primary purpose of a union representative is to protect the members. We must now all join together to protect our Detroit and preserve our interests. For many years our council has been one of the most active and effective in all of ALPA. Currently, we are well respected by the Delta South councils and we should use that respect to continue to work toward a unified front. The Detroit pilots run this council and your representatives are merely the servants of Detroit's democracy. Please help me rid this election of outside council influence and help me to Keep Detroit Our Detroit.

Gratefully,

Greg Rizzuto

Council 20 First Officer Candidate

The following pilots endorse Greg Rizzuto for DTW / C20 FO Representative:

Written Endorsements:

Mike Lazarowicz

Fellow Detroit pilots,

I rarely, if ever endorse any pilot for election in ALPA, Greg Rizzuto is the exception. Greg has demonstrated his ability to stand up for the interests of all pilots under extreme pressure. I have witnessed Greg spending countless hours making sure the Northwest pilots received correct and factual information, when it was critical to their future. Greg has the experience to ensure the interests of the Detroit pilots are fairly represented at the MEC level.

Greg deserves your vote for First officer Rep in Detroit. He has mine.

Sincerely,

Mike Lazarowicz

.....

Matt Coons

Fellow Council 20 Pilots,

It comes with great pleasure today that I get the opportunity to recommend Greg Rizzuto as our Council 20 First Officer Representative. I have known Greg for 20 years and have had the pleasure of working with him in both the cockpit and in the former NWA MEC office. Greg is an outstanding individual and would be an excellent choice to represent us, the Detroit pilots, on the Delta MEC.

Not only is Greg a likeable guy but, he is also an honorable person with high moral and ethical values. He is a person of integrity that will not be swayed by outside influences, back door political manipulation or personal agendas. And when confronted with these situations, Greg has and will continue to take the action necessary in order to protect the pilots he represents.

He is not one to rush to judgment or make decisions not based on fact. He will not only fight to make our voices heard and advance our concerns, but will also listen to others with the respect they deserve. He understands that in order for all Delta pilots to support their MEC and work as a unified group, the MEC must first lead by example as a unified body.

If this is the kind of leadership skills you would like to see in your First Officer Representative, please join me by voting for Greg .

Fraternally,
Matt Coons
14 YR DTW Pilot

David Adler

I am writing to you today to endorse Tom Tucker, Greg Rizzuto and Drew Massey to represent the pilots of Council 20. I have worked with them at times while being a Contract Administrator in DTW and have found them to be extremely knowledgeable, always approachable and very willing to listen and work towards resolving conflicts between our pilots and management. I have no reservations as I cast my vote for these three very qualified pilots.

David Adler, DTW / C20 Contract Administration
