

Nominate Greg Werking Captain Representative

Previous ALPA positions/jobs:

MEC Scheduling Vice-Chairman
MEC Contract Administration Committee
Completed ALPA Negotiators School
SLC Scheduling Committee Chairman (current)
Member of the Negotiating Team contract 2000 (Scheduling Representative)

Fellow Council 81 pilots, I would like to ask for your nomination in the upcoming Council 81 election.

Prior to Contract 2000, I worked on the MEC Contract Administration committee. This led to my recruitment to the MEC Scheduling Committee. I helped fashion many improvements our MEC added to our contract, including: 12 hour long call lease, improved reroute pay, and PCS

As MEC Scheduling Vice-Chairman, I worked closely with the Negotiating committee, evaluating various proposals by management, and counter proposals from our union. We worked closely with other MEC committees – ultimately fashioning Contract 2000, the pinnacle of global pilot contracts. My completion at the ALPA Negotiators School, gave me additional insight and skills regarding pilot contracts.

It is my desire to use the knowledge and skills I have obtained via 20 years ALPA service to serve you, the Council 81 pilots.

Fraternally,

Greg Werking

MD-88/90 Capt

801-898-1998 cell

20 year member of ALPA PAC, President's Circle

Election note: Everyone has a vote for all three positions. Captains can vote on all three positions (captain representative, first officer representative, and secretary/treasurer), and first officers can do the same. Both the captain and first officer position have a separate and equal vote on the MEC. Those two positions carry equal weight in how you are represented. The secretary/treasurer will have constant input to the two voting positions.
